It was Kickstarter funded on May 8th 2016. A release date has not yet been announced. Overview Arcadian Atlas is a 2D isometric tactical RPG for Mac/PC/iOS/Linux about the choices people make in pursuit of the things they love, and the havoc it wreaks on a kingdom. The core philosophy behind Arcadian Atlas is simple: Challenging strategic battles with unique classes that make every fight a different experience. That means terrain that affects your movement, cover that can hinder the best laid plans, and skills that are never wasted. Watch your footing and mind the strategic vantage points as you traverse the richly detailed pixel art world of Arcadia -- A single misstep on the battlefield could cost you a friend's life. Let the moody jazz soundtrack carry you through a thought provoking & ruthless story of love, deceit, murder, companionship and war. Meant to be a fresh take on the classic strategy RPG style, Arcadian Atlas was designed from the ground up to incorporate more challenging battle strategies, new & balanced job classes, and more cutthroat plot twists that'll leave these complex characters' lives hanging in the balance. Featuring dynamic job classes, a rich character driven narrative, strategic grid-based battles and a jazz infused soundtrack, Arcadian Atlas is a lushly handcrafted 2D isometric tactical RPG that takes the rich history of the genre and makes it fresh. Classes Ranger - the master of area control, a Ranger's knowledge of deadly plants and skill with a bow means wielding the environment to cripple and crush the enemy. Apothecary - a chemist of extraordinary skill, the Apothecary's potent brews and experimental arts can heal or wreck devastating damage on the battlefield. Rogue - sneaky, sneaky; stabby, stabby. The Rogue isn't interested in manners - why bother when slashing an achilles heel or a surprise attack does the job faster? Warmancer - adept at brute force and powerful magics, the warmancer specializes in harnessing latent energies for devastating area of affect spells. All classes will have two advanced classes.
